

Relax, it's Rheem...

We've been keeping Canadian families comfortable for over 100 years and that's because we're driven by one simple mission – letting homeowners relax!

The last thing you should be worrying about is whether your air conditioner can handle the worst heat of Canadian summers. Our commitment to excellence, dedication to dependability and an extensive line of products backed by exceptional warranties means you don't have to. You can relax knowing that installing a Rheem Canada air conditioner will keep you comfortable for decades to come.

Extend your coverage, prolong the life of your equipment and do it on your terms...

Extend your already exceptional warranty coverage with **Protection Plus** extended service protection. Enjoy peaceful comfort without worrying about the cost of parts or labour for unexpected repairs. Talk to your contractor about various Protection Plus plans that are currently available, and protect your investment.

Kwik Comfort is the easy and convenient way to finance all your home comfort needs. At Rheem, it's also the flexibility of financing that provides peace-of-mind and makes budgeting simple.

Other ways we're helping Canadian families relax...

For decades, the Rheem name has been synonymous with water heating solutions. We're proud to offer a full line of heating, cooling, hot water and indoor air quality solutions to meet all your home comfort needs. Talk to your contractor today.

Air Conditioners

Rated #1 in reliability by over 22,000 consumers

Rheem Prestige Series

Models RARL, RASL, RAPM-JEZ

Up to 19 SEER Rating*

Designed with performance in mind, *Prestige Series* Two-stage Air Conditioners offer state-of-the-art efficiency that keeps homeowners cool even in the worst heat.

Maximum efficiency, maximum comfort: With the Comfort Control System², these advanced models are seldom off, and seldom on at 100% – always operating at optimum comfort levels. Because the units are Energy Star compliant, you could save between 5 and 40% on your utility bills and help the environment in the process. *Energy use is maximized and your comfort is maintained all summer long.*

Designed durable: Stainless steel construction and a specially designed base plate help reduce corrosion, extending the life of your system. *Enjoy worry-free performance.*

Eliminate humidity: When paired with a *Prestige Series* air handler or furnace, the system automatically manages air flow to control humidity and provide unsurpassed comfort. *Talk to us about building the perfect system to meet your cooling needs.*

Whisper-quiet performance: The unique base pan and specialized fan mount reduce vibration for maximum noise reduction. The Copeland[®] Scroll Compressor is housed in a separate compartment resulting in quiet operation that gives you unmatched home comfort and enjoyment. *Quiet comfort all summer long.*

Ingenious thermostat: Not only does the *Prestige Series* communicating thermostat analyze unique cooling needs of your home and adjust the temperature accordingly, it will notify you if a service call is required for any part of the system. *Luxury and efficiency at your fingertips and in HD.*

Sophisticated diagnostics: The dual 7-Segment LED display quickly and accurately shows your contractor the source of system malfunctions and retains the system's operation history even in the event of a power failure. *Service calls and troubleshooting are made easy which saves your contractor time and you money.*

Relax, these air conditioners are guaranteed to last

- 10-year* conditional unit replacement warranty (register at www.registermyunit.com)
- 10-year limited parts warranty

*5-year warranty for RARL/JEZ Series and RAPM-JEZ Series

The Rheem high-definition communicating thermostat

- An integral component of the most sophisticated and easy-to-use home comfort system available today.
- Analyzes the heat loss of your home and directs the furnace to give you the precise temperature at any given moment.
- Modern appearance with a large high-definition display allows convenient and instant viewing.
- Easy menu-driven programming allows you to set week and weekend temperatures and schedules.
- Auto-configures the system and constantly communicates with the indoor and outdoor heating and cooling components for the utmost in home comfort and peace-of-mind.
- Dehumidification and humidification features add and remove moisture from the home creating a more comfortable and cleaner indoor environment.

* when combined with certain matched systems

Rheem Classic Series

Models RANL, RAPM-JAZ, RAND

Up to 16 SEER Rating

Featuring a Copeland[®] Scroll Compressor housed in a separate compartment, your *Classic Series* air conditioner provides industry-leading performance and durability. When the temperature rises, you can be confident you will stay cool no matter how hot it gets outside.

Green that is more than skin-deep: The Energy-Star rated *Classic Series* uses Earth-friendly R-410A refrigerant. *Keep cool and protect the planet.*

Lasting durability: A galvanized steel cabinet keeps your system safe from weather, year-round. *Keeping the elements out improves performance and ensures your unit lasts.*

Simple, efficient service: The easy-access, one-panel design means technicians are in and out fast. *Your system spends less time being serviced and more time keeping you cool.*

Controls that handle pressure so you don't have to: High- and low-pressure controls protect your compressor from pressure extremes that can cause system damage. *We've got your system safely under control.*

Quiet, comfortable design: The specially designed base pan reduces operation noise and provides industry-leading comfort. *Quiet and comfort – the perfect package.*

Relax, we've got you covered:

- 10-year conditional parts warranty (register at www.registermyunit.com)
- 10-year compressor warranty

Rheem Value Series

Models 14AJM, 13AJL, 13AJN, 14AJL

Up to 15 SEER Rating

Efficient: Energy Star rated with cooling efficiencies of 13 to 15 SEER. *You save money and energy.*

Durable: The Neutra Green[™] steel cabinet provides style and protection from yard hazards and Canadian weather. *Enjoy worry-free operation.*

Quiet: A unique grille pattern directs air up and away from bushes and shrubs allowing for quiet fan operation and low noise levels. *Less noise means more enjoyment.*

Dependable: AJM Series Air Conditioners feature conditional 10-year warranties on parts and compressors. *Peace-of-mind comes standard.*

Clean: Our eco-friendly condensing meets or exceeds world environmental standards and does not contribute to ozone depletion. *Get comfort that does not damage the environment.*

Simple: The easy access design reduces service time and expense and makes it easy for contractors to keep your unit running. *Caring for your system is as easy as 1-2-3.*

Relax, we've got you covered:

- 10-year conditional parts warranty (register at www.registermyunit.com)
- 10-year compressor warranty
